

Safety guidelines everyone should adhere to in campus

- Know how to safely operate a fire extinguisher
- Remember to get out, stay out and call your local emergency phone number.
- Yell "Fire!" several times and go outside right away. Leave all your things where they are and save yourself.
- If you must escape through smoke, get low and go under the smoke to your exit. Close doors behind you.
- If smoke, heat or flames block your exit routes, stay in the room with doors closed. Place a wet towel under the door and call the fire department. Open a window and wave a brightly colored cloth or flashlight to signal for help.

Once you are outside, go to your meeting place and then send one person to call the fire department. If you cannot get to your meeting place, follow your friend's emergency communication plan.

Five key points regarding to safeguarding

- Using words to criticize, demean, yell, or threaten project participants are unacceptable.
- Comments about someone else's body are unwelcome and inappropriate.
- Physical violence is not allowed.
- Having unwanted relationship with staff or any other fellow student is prohibited
- Always speak up.
